Letters to the Editor

Why silence would be Callaghan’s best policy

Letters to the Editor

Into bondage with Britain’s masochists

The wrong questions

Silence would be Callaghan’s best policy

To the Editor

We should be careful of the implications of a silence from the Prime Minister. The humiliation and imprisonment of Mr. Callaghan’s people would not lessen the demands for freedom. The British Government must be made aware of the situation, and the Prime Minister has a moral obligation to speak out.

Sincerely,
[Name]

Letters to the Editor

Why silence would be Callaghan’s best policy

To the Editor

Silence would be the best policy for Callaghan. By remaining silent, he can avoid any repercussions that might arise from his stance. The Prime Minister should focus on the interests of his country and not be swayed by external pressures.

Sincerely,
[Name]

Letters to the Editor

Into bondage with Britain’s masochists

To the Editor

Britain’s masochistic approach to Northern Ireland is unacceptable. The Prime Minister must act to ensure the well-being of his people and not allow himself to be manipulated by the British Government.

Sincerely,
[Name]
